ZUNA OF NEWARK BREAKS

MARATHON RECORD Boston, April 19.—The American marathon road race with the country's leading long distance runners contesting, was won today in new record time by Frank Zuna, of Newark, N. J., a former doughboy who hiked with a smile. In the van almost from the start, Zuna maradad up his stride in the last four. In the van almost from the start, Zuna speeded up his stride in the last four-teen miles, pulled away from Charles Melior of Chicago who had been his running mate much of the distance, and finished the 25 mile run in two hours, 18 minutes, 57 seconds. This record was more than two minutes faster than that of Michael J. Ryan, of New York, whose victory in two hours, 21 minutes, 18 1-5 seconds in 1912, was the best previous time for the event.

seconds in 1912, was the best prevous time for the event.

Meller finished second, a tired runner, three minutes, 14 2-5 seconds behind the winner, and in third place was Peter Trivoulxmmidas, of New York, winner last year.

Former winners ranked high again, as Carl W. A. Linder of Boston, victor in 1819, was fourth, and Edouard Fabre of Montreal, winner six years ago, was sixth, William J. Kennedy, of New York, the bricklayer, who plodded home erst in 1917, finished fourteenth today.

A newcomer in marathon competitions, A. R. Michelson, of Stamford, Conn., was well up all the way and finished fifth. His time was 2:30:25.

Zuna, who carried the colors of the Paulist A. C. of New York, ran his own race to win. Drawing on the experience gained in his hiking overseas, where he fought with the twenty-seventh division while action was on, and raced to victory in the Dijon marathon of 15 miles and the A. E. F. cross-country championship of six miles at Paris in the post-armistice of six miles at Paris in the post-armistice sports, he plotted his strategy in advance and plodded away in fulfilment of it to success. He accepted the pacemaking of Christensen of Chicago for a time, allowed Melior to lead slightly for a mile or two and to shield him from the wind while they crossed the hills into Newton, then brushed by him with a friendly smile, went to the front and was never headed.

The victor, a plumber by trade, is 36 years of age, a big man of 190 pounds of which he lost four pounds in the hike today. He was the freshest of the field in appearance at the finish.

The widespread interest in the bout is evidence by a rapidly increasing malleach day containing applications for tickets. The pasteboards are now being printed but will not be put on sale until the first of next month. Meanwhile, applications for the higher priced tickets

plications for the higher priced tickets are accumulating faster than in any pre-vious big bout promoted by Rickard and some thousands of dollars in checks, money orders and currency are already being banked to await the faitial allot-ment of seats.
